

CMT Mission Statement

vedanta

Copper Mines of Tasmania actively pursues opportunity and innovation to achieve zero harm whilst minimising cost and maximising copper production, ensuring the successful operation of its fundamental business focus, the Mount Lyell Mine.

CMT is committed to the principles of sustainable development through the Vedanta sustainable development program.

We are an ethical and fair company that encourages team participation, individual initiative and forward thinking at all levels of the organisation. We are sensitive to the needs of all groups affected by our business and we are committed to optimising value for all stakeholders.

We foster and promote:

- Integrity
- Focus on business goals
- Continual improvement
- Dedication
- Loyalty
- Honesty
- Job satisfaction
- Open communication
